

Citrus trees

for Auckland

Lime *Citrus aurantiifolia*
'Bearss'

- small seedless fruit
- abundant supply in early winter

Mandarin *Citrus reticulata* 'Clementine'

- tight skin
- great flavour

Mandarin *Citrus reticulata* 'Encore'

- vigorous habit
- fruits November to February

Mandarin *Citrus reticulata*

- easy to peel mandarins e.g. 'Satsuma'
- ready to eat June/July

These Star Performers are plants of proven excellence in suitable conditions in Auckland. These outstanding fruit tree varieties produce abundant harvests without pesticide applications.

Brought to you by

Navel orange types
Citrus sinensis

- all cultivars do well

Lemon
Citrus x limon 'Yen Ben'

- produces lots of fruit in July

Meyer lemon
Citrus x meyeri hybrid

- ripens in winter but often carries fruit year round

Grapefruit *Citrus x paradisi* 'Golden Special'

- fruit has few seeds
- prolific fruiting

Recipe for success:

- Select a full sun site for planting
- Most plants prefer free draining soil
- Buy Citrus on dwarf root stock e.g. 'Flying Dragon' when space is limited
- Work compost into the soil at time of planting
- Recommended planting time is autumn
- Fertilise annually in autumn and/or spring
