

Winter bulbs

for Auckland

1

**Jonquil *Narcissus*
'Erlicheer'**

- double flowers
- fragrant

2

Bulbinella nutans

- full sun
- bright winter colour
- naturalises easily

3

Cyclamen hederifolium

- ideal under trees
- dark green foliage

4

Ipheion uniflorum

- ideal for mass planting
- scented flowers

These Star Performers are plants of proven excellence in suitable conditions in Auckland. These recommended autumn and winter flowering bulbs will naturalise when given suitable conditions and perform well for many years.

5

Lachenalia aloides

- bright flowers

6

Snowflakes

Leucojum aestivum

- naturalises easily

7

Moraea polystachya

- autumn flowering
- naturalises easily

8

Daffodil *Narcissus*

'Malvern City'

- 'Malvern City' and 'Erlicheer' are the best

Recipe for success:

- Select a site with free draining soil
- Add coarse sand to the planting hole
- Planting depth should be twice the diameter of the bulb
- Winter growing bulbs should be fertilised in autumn with a slow release fertiliser
- Allow bulb foliage to die away naturally
